

SHAVINGS

FROM THE PREZ

Hello, Everyone

I want to encourage all of you to attend the demonstration in October. Jimmy Clewes is an outstanding turner. He has a refreshing style that is very enjoyable to watch. I guarantee you'll learn a few great ideas.

Thanks to all who helped with the Top-a-Thon. This fundraising event greatly benefits the Toys-for-Tots program by the Marines.

Jimmy Clewes

Professional Turner, Teacher and Demonstrator
Saturday, October 18th

If you haven't had the chance to participate in the Utah Woodturning Symposium in the last two years, you have missed the opportunity to attend the demonstrations of a dynamic and exciting British turner, Jimmy Clewes.

Jimmy excels at tool control as many of the British do, but his real

gift to the turning world is his ability to teach and discuss design principles of turned forms. During his demonstration, he will discuss the good and bad attributes of turned forms and how to identify

them in your own work.

Jimmy is also known for using dyes to color wood, creating vibrant platters and bowls.

He has 20 years of experience of woodturning and related products.

"CLEWES" CONT FROM P1

He started with an apprenticeship in engineering at the age of 16. He then studied 3-Dimensional Design at Manchester Polytechnic for a further 4 years specializing in designing and making furniture. His primary focus was Japanese tools, furniture design and silver-smithing.

Platters by Jimmy Clewes

Jimmy is currently working as a freelance woodturning demonstrator and course instructor, both in the UK and internationally. He is a regular contributor to "Woodturner", and is on the Register of Professional Woodturners.

The Raffle Report

The top prize for the raffle this month will be a JET mini lathe. In addition to this, we will have an assortment of tools for the other prizes. We will try to have some of the dyes that Jimmy Clewes uses during his demonstration.

Congratulations to Tom Johnson who won the Wolverine sharpening system at the September raffle. Congratulations to Walter Brown and Norm Burke for winning the perpetual bowls. We are looking forward to their contributions this month.

Thanks for letting me be of service, Warren Sherman

Studio 21 in Balboa Park

Attention all club members. From December 16th to December 31st, the club has the opportunity to show our work and to maybe sell some of it. We would like all club members to enter three (3) pieces of work. We will also ask you to volunteer to help in the gallery for one day. We will have two people working each day and will need some help on the 16th to set up and some at the end to clean up. It is a great learning experience as you will get a lot of positive feed back from the customers. You will also have the opportunity to study many different types of turnings.

There are many other types of galleries in Spanish Village and you will find time to browse. We hope you will take advantage of this opportunity. There will be prizes for the best turning under \$100 and for the best turning at \$100 or more. The prizes will be gift certificates for the Turning Center. If you have questions see Jim Berger or any of the board members.

San Diego Woodturners 4th Annual Top-a-Thon September 19, 20, and 21st

Once again the Harvest Festival Top-A-Thon was a tremendous success. \$3304.00 was raised over the three days raising our total to year-to-date fund to \$7304. Accounting for the Wal-Mart 10% discount we will have \$8,000.00 to spend in December to support the Marine Corps' Toys-for-Tots program. Thanks to all who volunteered at the festival.

Lorin Youde

A New Kind of Woodworking Store

Durning my family's recent trip to visit family in Des Moines, IA, I had the opportunity to go to the new Woodsmith Store in Des Moines. Woodsmith magazine is published by August Home Publishing. In addition to Woodsmith, they publish Shopnotes, Workbench and Garden Gate magazines.

The store has about 20,000 square feet of retail space. Walking into the store reveals an expansive interior devoted to woodworkers, but the space also includes, home improvement and gardening supplies, as well as a line of casual clothing.

When I walked in the store, I started on the right side and circulated counterclockwise. At the front of the store is a large woodworking library which included many books on gardening and home improvement. For turners, the book section is not great, but for woodworkers, it is quite a good selection.

In the center of the store, Woodsmith has a large line of casual clothing. The choices remind me of LL Bean or Eddie Bauer.

Moving toward the right side of the store reveals a large selection of hardware. The choices available reminds me of the selection at San Diego hardware.

The right wall has assorted

hand tools and woodworking accessories. They have carving tools, sharpening accessories, measuring instruments, etc.

Toward the back, the store has a line of house paints, woodworking finishes and painting accessories.

There is also a corner devoted to garden tools and furnishings such as windchimes.

At the back of the store is a large number of racks holding assorted hardwood lumber

"WOODSMITH" CONT FROM P6

and sheet goods. They have virtually no turning stock, however.

On the left side of the main floor, stretching from the front of the store to the back, is a full line of power tools. In addition to carrying a complete line of Porter Cable, Makita, Fein and Bosch hand held power tools, Woodsmith carries a large selection of Delta, JET, General, and Powermatic machinery.

One unique feature of the store is that along the left side, Woodsmith has set up three shops to simulate a custom woodworking shop, a garage shop and a basement shop.

They also have the complete

line of Sjoberg workbenches and other bench accessories.

Woodsmith's woodturning section is near the back of the

store. Their tool selection was quite limited and they only carried one brand of tools about which I never heard. Looking at the tools themselves, many appeared to be Robert Sorby blades.

Mostly, however, the selection was disappointing.

VIDEO AND BOOK LIBRARY

Don't forget that we have a video and book library available for you to check out tapes and books for a small fee. We have almost every turning video ever made and are starting to grow our collection of books. Please note the new titles at the end of the list in **BOLD LETTERS**. Please refer to the August newsletter at the club website for a complete list.

For those of you with rentals that are outstanding, please return them to the Turning Centre or Scott van Hoften, 8207 Caminito Lacayo, La Jolla, CA 92037, (858) 453-8504. Either bring them to the club meetings or mail them to me. Media mail is the best price.

San Diego Woodturners Club Calendar

October 2003

- Saturday, October 18th at 9:00 am - General Club Meeting at the San Diego Woodturning Centre.
Program: **Jimmy Clewes, Professional Turner and Demonstrator.**
