

SHAVINGS

FROM THE PREZ

Hello Everyone...

Sorry folks, as you know I missed the last meeting - but I had a lame excuse. Pat and I had a great trip to the mid-west (and east.), missing all the hurricane rain as we drove from Louisville to Washington, DC then to Illinois, Wisconsin, Iowa, and finally Missouri, before flying home. Saw the new WW II Memorial (wonderful!), the capitol, Library of Congress (what a beautiful building), among other things. Center-post of the trip though was attending my 50th High School Reunion and seeing/remiscing my home town of Danville, Illinois (home of Dick & Jerry Van Dyke, Gene Hackman, Bobby Short, & Kenny Roth to name but a few. Thanks for giving me the time off.

I understand that Glen Farmer did a good job with his meeting on making small, sellable turned objects. It goes with out saying that you all are encouraged to bring those things (after you get

Christian Burchard Professional Artist and Teacher Saturday, October 16th, 9:00am

(From his web page) Born in Hamburg, Germany in 1955, Christian has been living in the United States since 1978. Building on a foundation laid by a furniture makers apprenticeship in Germany in the middle seventies, he studied sculpture and drawing first at the Museum School in Boston and then at the Emily Carr College of Art and

Design in Vancouver BC. In 1982 he opened Cold Mountain Studio in Southern Oregon. His early focus was on furniture and interiors, but

them made.) to our yearly "SHOW & SALE" at Gallery 21. I can't emphasize enough that this is a show that you, the novices and small items makers, can show your wares to appreciative peoples, and make a few bucks doing it. It's a lot of fun..

We have a great (that's GREAT with capitols) demonstration coming in October. My good friend, Christian Burchard, from Ashland, Oregon is coming to visit and show his stuff. He is an internationally known and respected turner whose work appears consistently at galleries such as the venerable Del Mano Gallery in L.A. Madrone vessels, turned wet, thin and allowed to twist and deform are his signature pieces. Also, his "balls" are well known throughout the world (he prefers, understandably, for them to be called spheres.). Don't miss this demo, you will learn a lot.

I might add that it was Christian, who was the motivation for me to join the San Diego Woodturners and the AAW. I visited him about 10 years ago after seeing some of his turnings at a very local show in Oregon. He was very kind to let me, a novice turner, watch him for about 3 hours, revealing to me for the first time that woodturning could be artistic as well as functional.

Get ready for our special meeting in November - another "Take-a-Turn" is in the offing. Our last one was great... Get your problems sorted, your wood ready, your dull tools to be sharpened, your new chucks unwrapped, and our mentors will show you how-to, and let YOU do it.

See you the 16th!

Gallery 21

We hope that more of our members will participate in Gallery 21 this year. It is a great experience. The Gallery will open Dec 1 to Dec 15. We will set up on the first and members can bring their entries beginning the 2nd. The entrance fee is \$15 for up to three items. If you turnings are small, you can enter more if they fit on a 15" x 15" space. The gallery is open from 11am to 4pm most days. On Friday 12/3 and sat 12/4, we will stay open later for December Nights (formerly Christmas on the Prado). On those days we will divide the days into 2 shifts to make it a more reasonable work day. We hope our members will enter their work and that they will volunteer to work in the gallery. It is an excellent learning experience. We will discuss this more at the meeting, but if you have questions contact Ken Roth.

Two Free Lathes!

Delta Woodworking Machinery had donated two Delta X5 full size Model 46-756 lathes valued at \$2250 each to the AAW's Orlando Symposium. These lathes are 16" x 42", include 1-1/4" x 8 tpi spindles, and are variable speed lathes. The AAW has decided to give these lathes away to the membership. A drawing will be held among all AAW members who renew their memberships for 2005 or join the AAW between September 1, 2004 and January 15, 2005. The winner will get one of the lathes. The other lathe will go to the winner's AAW chapter. If you have already renewed for 2005, you will qualify for the drawing.

Glen's Demonstration

Reports have it that Glen Farmer did an excellent job showing his trade in making small, gift items on the lathe. We hope that many of you can use this information to make items for the Gallery 21 show in Balboa Park.

THE RAFFLE REPORT

This month we will have a complete Wolverine Buffing System including the Varigrind jig. We will also include an assortment of other tools.

Perpetual bowl winners were Nan Bushley and Larry Anderson. We look forward to a pair of excellent bowls from them.

Let me know what items that you want to see in the raffle. So please give me a call and I will do my best to get it in time for the next meeting. Give me a call.

Thanks for letting me be of service.

Top-A-Thon

Many people helped to turn and sell tops at the Del Mar Fair Harvest Festival. Thanks to all who helped.

The team kept several lathes busy for three days making all sorts of tops.

The Marine Corp was well represented during our stay. Thanks to these fine young solders for their service.

Don Owen is a machine as he whips through dozens of tops adding his own flair.

Tops, tops and more tops. Literally hundreds of tops were produced for the event.

Karen Freitas makes tops with style.

Nan Bushley is making tops on her lathe of choice - a Oneway!

Hob-nobbing with the crowd and each other. Meeting and greeting the crowd is where our team was best.

Lorin Youde does what he enjoys the most. He counts the take. We will have a final report in the next newsletter.
